EUROPE'S LARGEST EXHIBITION FOR BATTERIES AND ENERGY STORAGE SYSTEMS – WITH GREEN HYDROGEN FORUM & EXPO

- With the Green Hydrogen Forum and Expo in hall B2, The smarter E Europe offers a cross-industry and cross-sector meeting point for companies from all over the world with the aim of bringing hydrogen, fuel cells, electrolysis and power-to-gas to the markets more quickly.
- Benefit from the international reach via all channels of Europe's largest energy industry platform The smarter E Europe and a strong cooperation with the most important European industry associations.
- Present your products and services related to green hydrogen in a B2B environment for the electricity, heating and transport sectors.
- Meet planners, EPC companies, wholesalers, utility companies, consultants, components and equipment manufacturers, suppliers, public institutions and investors, as well as project developers and operators of solar and hybrid power plants.
