

HYGIENE CONCEPTS & HEALTH PROTECTION

	<p>Face Masks Protective Glass</p>	<p>Masks must be worn in all public & transfer areas of the KKL. Behind protective glasses a presence without mask is possible. e.g. reception, counters, information points, booth...</p>
	<p>Sectors Distancing</p>	<p>The area is divided into sectors assigned to groups <100. In the group sectors, a presence without mask is possible. Without mask a distance of 1.5 m should be maintained.</p>
	<p>Traceability</p>	<p>To enable the contact tracing all participants must be registered with name, address, email and telephone number.</p>
	<p>Health</p>	<p>Temperature measurements are mandatory when entering the KKL, especially at the beginning of the conference. Measurement during the event are recommended but optional.</p>
	<p>Cleaning Disinfecting</p>	<p>Disinfectants are available. Highly frequented surfaces and seating areas are permanently disinfected. Sanitary facilities will be cleaned frequently.</p>
	<p>Responsibility</p>	<p>EFCF, KKL and all other involved organisation and persons take maximally care to prevent the spread of the virus. Personal responsibility of each participant is an important contribution to health protection.</p>

Participants

✓ Belong for all days to a group of <100 persons, with assigned **group sectors (Blue or Green)** for exchanging, eating & drinking **without mask**, but respecting a distance of **1.5m**.
