# Exhibition EFCF 2021

## Low-Temperature Fuel Cells & Electrolysers & H<sub>2</sub> Processing

**European Fuel Cell Forum – KKL Lucerne, Switzerland, 29 June - 2 July 2021**  
25<sup>th</sup> Forum in Series –Conference, FCH & EIS Tutorials, Networking, Application Market, Exhibition

# NEW - Lucerne and around the world

The forum will be held for the 25<sup>th</sup> consecutive year. It is time to turn to the new, and at the same time to preserve the tried and true. That's why the whole Forum is now hybrid - the conference, tutorials and exhibition will take place both physically in Lucerne and ly. You can choose between two options: As a hybrid exhibitor you can present your company in Lucerne, and at the same time around the globe to all participants.

No way to Lucerne? Then choose the virtual option and join our community from your business base.
