

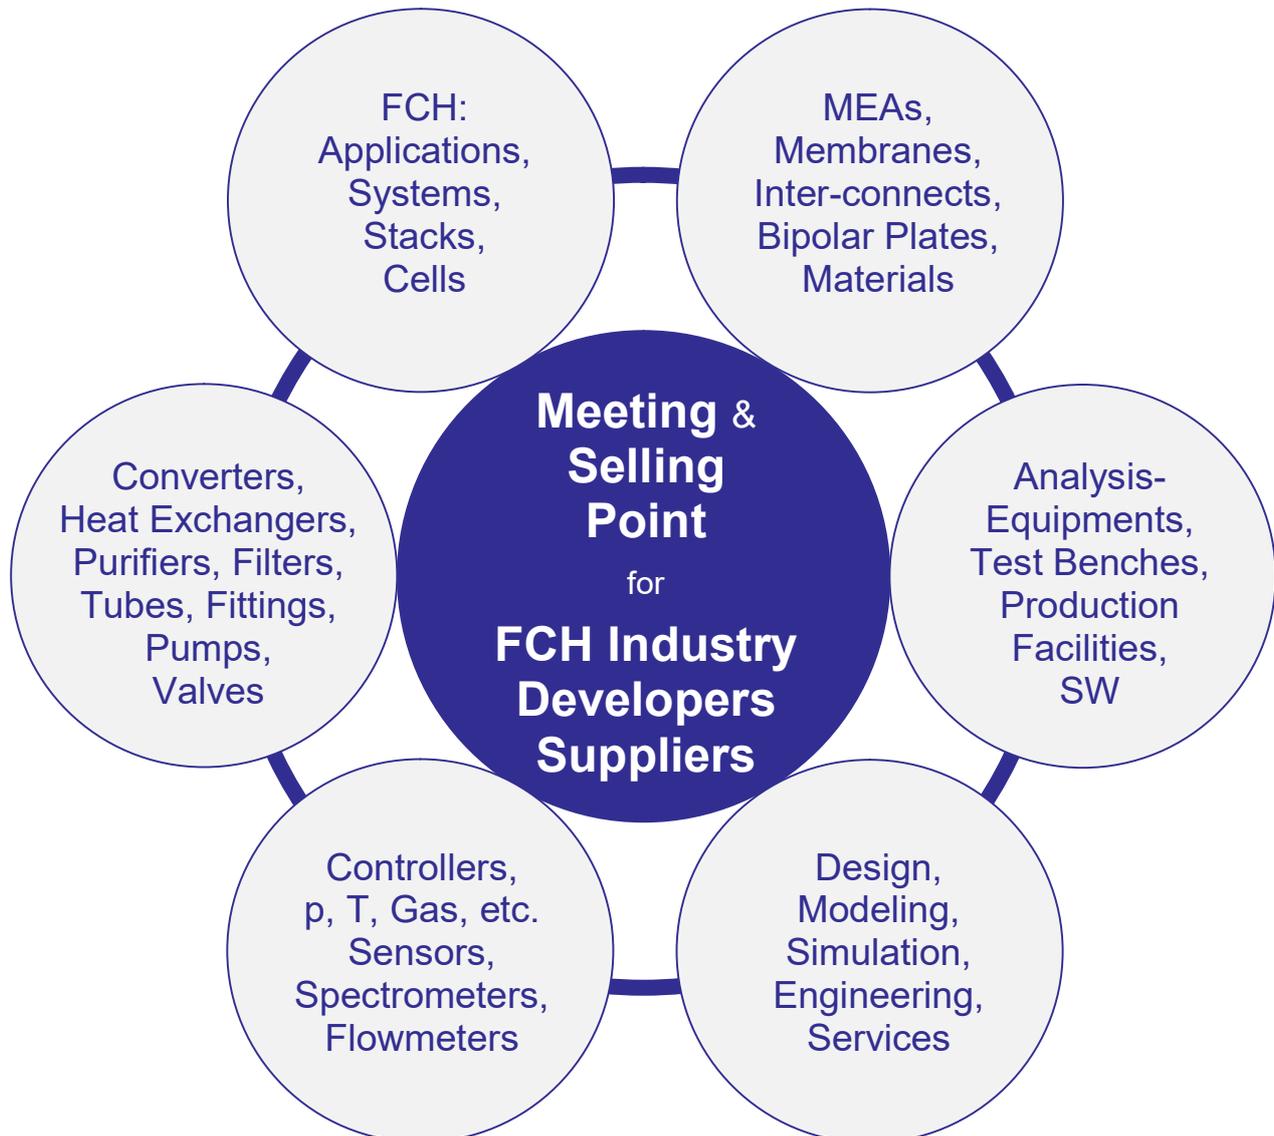

# Exhibition EFCF<sup>2021</sup>

**Virtual – around the world**

Low-Temperature

## Fuel Cells & Electrolysers & H<sub>2</sub> Processing

**European Electrolyser and Fuel Cell Forum – 29 June - 2 July 2021**

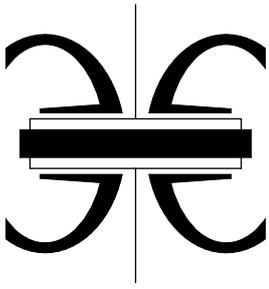

25<sup>th</sup> Forum in Series –Conference, FCH & EIS Tutorials, Networking, Application Market, Exhibition

## Virtual Exhibition

Exhibitors from all parts of the world are invited to participate in this international fuel cell show of high reputation. Component manufacturers, electrolyser and fuel cell system developers will show systems, new materials, system components, production and automation systems, process and diagnostic equipment and research results. The forum is also a platform for regions and international technical projects to exchange experience and create new links. Industry, research laboratories, academic institutions, commerce and financing will be eager to learn about recent advances of a promising technology on the edge to become an industry.

As a virtual exhibitor, you benefit from being present around the globe for the entire community - all year round. With the EFCF virtual package you are available as an exhibitor every day, and potential clients can learn about your products at any time.

	<b>Small</b>	<b>Medium</b>	<b>Large</b>
