

List of Exhibitors 2026www.EFCF.com/floorplan

Booth No	Company	Institution	Web
A13	Aperam Luxembourg / Grand Duchy of Luxembourg	High-performance stainless steels and alloys for solid oxide technologies	www.aperam.com
B06	BioLogic Science Instruments GmbH Göttingen / Germany	Premium Potentiostats and BluPEM Fuel Cell and Electrolysis Test Station	www.biologic.net
B12	Bosal Energy N.V. Vianen / The Netherlands	Integrated HotBop solutions with own patented high temperature and high efficiency Heat Exchangers	www.bosal.com
B04	Burkert Schweiz AG Hünenberg / Switzerland	Shut-off, Proportional solenoid valve, Mass Flow Meters, Mass Flow Controller, Electromotive Valves, Proportional motor valve, Sensors	www.buerkert.ch
A15	CAP CO., Ltd. Yokohama / Japan	Hot Gas Recycle Blower for SOFC/SOEC	www.cap-co.jp
A01	CEA Liten Grenoble / France	Power Stack and Cells	https://liten.cea.fr/cea-tech/liten/english/
B01	Ceramic Powder Technology AS Tiller / Norway	Advanced ceramic oxide powders, SOC, SOC materials, high quality oxide powders Catalyst, piezo, membranes	www.cerpotech.com
B20	Elcogen Tallinn / Estonia	Highly efficient Solid Oxide Cells, Stacks & Modules for SOEC / SOFC	www.elcogen.com

Booth No	Company	Institution	Web
B11	Feintool International Holding AG Lyss / Switzerland	Development and global high-volume production of metallic bipolar plates and interconnects for fuel cells and electrolyzers.	https://bipolarplates.com
B00	Fiaxell Sarl Lausanne / Switzerland	SOFC/SOEC test rig, ball mill, tape caster, screen printer, powders, EIS, mass flow controller, etc.	www.fiaxell.com
B13	FLEXITALLIC Ltd West Yorkshire / United Kingdom	Gaskets and Sealing Solutions for Solid Oxide Cell technologies	https://flexitallic.com
C04	Fomenta AG Buttikon / Switzerland	Strategic and operational Technology-Management-Services	www.fomenta.ch
B07/B08	Forschungszentrum Jülich GmbH Jülich / Germany	High-temperature fuel cell and electrolyzers – from materials to systems	www.fz-juelich.de
B18	Haiku Tech Europe B.V. Maastricht / The Netherlands	Manufacturing and Quality Inspection Equipment for Multilayer Ceramics and SOC Production	www.haikutech.com
A06	Heraeus Precious Metals GmbH & Co KG Hanau / Germany	Precious metal products and services, catalysts, specialized materials, and coatings for the balance-of-plant of efficient and durable SOC systems.	www.heraeus-precious-metals.com
A04	HighLine Technology GmbH Freiburg / Germany	Modular Dispensing Solutions, Semiconductor Assembly, PV Metallization, Interconnection / Glueing, Functional Thick Film Layers	https://highline-technology.com

Booth No	Company	Institution	Web
B19	HORIBA FuelCon Barleben / Germany	SOFC/SOEC test systems and sintering stations for production environments	www.horiba-fuelcon.com
B05	I-GraphX GmbH Reinbek / Germany	Analysis of: H2 O2 N2 CO CO2 H2S NH3, microGC, H2 Purity measurement 5.0 (99.999%), Gas chromatography	www.i-graphx.com
A02	Imerys Murg GmbH Laufenburg / Germany	Raw materials for advanced ceramics	www.imerys.com
A09	KCeraCell Co., Ltd. Geumsan-gun / Republic of Korea	SOFC materials, Cells, Stack	www.kceracell.com
B21	Kerafol Keramische Folien GmbH & Co. KG Eschenbach / Germany	Electrolytes, Solid-Oxide Cells, Glass tapes, Sintering Setters, Thermal Interface Materials	www.kerafol.com
B14	Keramischer OFENBAU GmbH Hildesheim / Germany	Kiln plants for sintering and debinding of SOFC & SOEC components	www.KeramischerOFENBAU.de
B24	Linde AMT GmbH Wiggensbach / Germany	High phase purity complex oxides from low to large volumes made with our proprietary CSP process	www.linde-amt.com
A07	Minchem Limited Aldershot / United Kingdom	Zirconia, Gadolinia and Alumina based materials	www.minchem.co.uk

Booth No	Company	Institution	Web
B09	Morgan Advanced Materials Windsor / United Kingdom	WDS Microporous Granulate / rigid and flexible boards	www.morganadvancedmaterials.com
B03	Nexceris Lewis Center, Ohio / United States	Lab-to-Launch materials & technology development partner for companies commercializing SOC innovations	www.nexceris.com
B15	ONEJOON GmbH Bovenden / Germany	Debinding & Sintering furnaces to produce Solid Oxide Electrolyser Cells & Solid Oxide Fuel Cells	www.onejoon.de
A08	ProtiumTech Malupe / Latvia	Membrane-free, decoupled water electrolysis system for green hydrogen	www.protiumtech.com
C06	Risch Communication Schübelbach / Switzerland	Internal/external communication services, management of comprehensive communication projects	www.rischcommunications.ch
A03	Saint-Gobain IndustrieKeramik Rödental GmbH Rödental / Germany	SiC Ceramic kiln furniture for substrate firing	www.ceramicsrefractories.saint-gobain.com
B17	Scribner Southern Pines / United States	SOFC/EC Test Systems	www.scribner.com
B11	SITEC Industrietechnologie GmbH Chemnitz / Germany	Development and global high-volume production of metallic bipolar plates and interconnects for fuel cells and electrolyzers	https://bipolarplates.com

Booth No	Company	Institution	Web
B10	smk systeme metall kunststoff gmbh & co. kg Filderstadt / Germany	Heat exchangers, reformers, control valves & hot box design for SOFC/SOEC systems	www.smk-systeme.de
A10	SolydEra S.p.A. Pergine Valsugana / Italy	Fuel Cell systems / stacks / PMX	www.solydera.com
B16	SRT-Microcéramique Vendôme / France	Solid Oxide Cells for fuel cell (SOFC), electrolysis (SOEC) and reversible (rSOC) applications	www.srt-microceramique.com
B02	SulfaTrap LLC Colorado / United States	Desulfurization and purification sorbents/systems	www.sulfatrap.com
A11	Terra FuelCell Co., Ltd. Seoul / Republic of Korea	Protonic ceramic cells and powders Powders: BZCYYb4411, 1711 Cells: BZCYYb-based half and full cells	www.terrafuelcell.com
A12	TNO Petten / The Netherlands	Solid oxide cells and stacks: design, manufacturing and testing expertise	www.tno.nl
B22	VERMES Microdispensing GmbH Holzkirchen / Germany	Supplier of SOC stacks and stack modules to system integrators	https://soc.vermes.com
B23	Zahner-Elektrik GmbH & Co. KG Kronach / Germany	Zahner potentiostats: intuitive software and precise hardware for electrochemistry on all scales	www.zahner.de
